

# CyberEdge® Cyber Liability Program

Hospitals are becoming more interconnected and reliant upon technology to provide better, safer, and more efficient care for patients. Large amounts of Personal Health Information (PHI) are stored electronically and technological advancements are rapidly being made to medical equipment.

These advancements in technology only exacerbate the common occurrence of the lost laptop or stolen thumb drive that can leave hospitals and their patients vulnerable to today’s growing threat—a cyber breach.

Recognizing that patient safety is a top priority for hospital c-suite and risk managers, HASC has partnered with AIG, in conjunction with insurance broker AmWINS, to offer a cybersecurity end-to-end risk management solution that provides HASC member hospitals with cyber-related loss prevention services, insurance coverage, and breach resolution services.

All eligible and qualified HASC members purchasing a CyberEdge cyber liability insurance policy will benefit from the following services and coverages included in the annual premium.

<b>Risk Consultation and Prevention Services</b>	Infrastructure vulnerability scan by IBM to identify potential vulnerabilities that could be exploited by a remote hacker via the Internet.
	RiskTool, a web-based training and compliance platform tailored specifically for HASC members to help streamline the cybersecurity risk management process and address the human element of this risk.
	Two hours of legal consultation with AIG’s partner law firm to review current information security policies and procedures.
	Global threat intelligence and proactive shunning technology that isolates and shuns IP addresses currently being used by criminals.
	Access to the latest cyber-related news, insights, and breaches on AIG’s CyberEdge Mobile App for iPhone®, iPad®, and Android™.
<b>Exclusive HASC Insurance Policy and Coverage Enhancement Endorsement</b>	Definition of confidential information expanded to specifically include reference to California privacy statutes.
	Expanded definition of loss in cyber extortion coverage to include costs for qualified consultation on how to respond to extortion threat.
	Definition of security failure expanded to include cyber terrorism.
	Event Management Coverage amended to provide zero retention for first response expenses incurred within the first 72 hours of discovery of a covered claim, up to a maximum of \$50,000 provided the insured uses an AIG-preferred response vendor.
	Other insurance clause amended to list the cyber liability policy as primary over any hospital professional or medical malpractice policy.
	Personal Identity Coverage of up to \$25,000 for directors and officers for expenses related to a stolen identity event.
<b>Breach Resolution</b>	Responsive guidance and rapid support of AIG’s CyberEdge claims experts who handle clients’ claims with unprecedented care.
	Access to IBM’s 24/7 Technical Hotline to assist hospital IT personnel in diagnosing and responding to potential or actual security threats.

# CyberEdge<sup>®</sup> Cyber Liability Program

Access to the program is available exclusively through HASC and AmWINS. Please contact **Dave Weller**, Executive Vice President, AmWINS Insurance Brokerage of California, LLC at:

American International Group, Inc. (AIG) is a leading international insurance organization serving customers in more than 130 countries. AIG companies serve commercial, institutional, and individual customers through one of the most extensive worldwide property-casualty networks of any insurer. In addition, AIG companies are leading providers of life insurance and retirement services in the United States.

AmWINS Group, Inc. ("AmWINS") has been a leader in the wholesale insurance industry since its formation in 1998. The firm is headquartered in Charlotte, North Carolina and has 98 locations across 17 countries, including 72 in the United States. The firm has expertise across a diversified mix of property, casualty and group benefits products. AmWINS also offers value-added services to support some of these products, including product development, underwriting, premium and claims administration and actuarial services.

The Hospital Association of Southern California (HASC), founded in 1923, is a not-for-profit 501(c)(6) regional trade association. HASC is dedicated to effectively advancing the interests of hospitals in Los Angeles, Orange, Riverside, San Bernardino, Santa Barbara and Ventura counties. We are comprised of more than 170 member hospitals and health systems, plus numerous related professional associations and associate members, all with a common goal: to improve the operating environment for hospitals and the health status of the communities they serve.

AIG is the marketing name for the worldwide property-casualty, life and retirement, and general insurance operations of American International Group, Inc. For additional information, please visit our website at [www.aig.com](http://www.aig.com). All products and services are written or provided by subsidiaries or affiliates of American International Group, Inc. Products or services may not be available in all countries, and coverage is subject to actual policy language. Non-insurance products and services may be provided by independent third parties. Certain property-casualty coverages may be provided by a surplus lines insurer. Surplus lines insurers do not generally participate in state guaranty funds, and insureds are therefore not protected by such funds.
